**Power:**

Luke Cage possessed superhuman strength, dense muscle and bone tissue, and steel-hard skin. His recovery time from injury or trauma was about one-third that of a normal human.

Figura 2 – Luke Cage. Disponível em: <https://goo.gl/w6hZxS>.

**Abilities:**

Storm had the ability to control the weather over limited areas. She could fly by creating winds strong enough to support her weight. She had limited immunity to extreme heat and cold.

Strength level:

Athlete

Flight speed:

Subsonic (when propelled by winds)

Fighting skills:

Excellent hand-to-hand combatant, She was trained by Wolverine.

Special skills and abilities:

Extraordinary ability at picking locks, excellent marksman with handguns.

**Abilities:**

Blade was a master martial artist proficient in practically every form of weaponry known to man. His particular specialty was the use of edged weapons, be they teakwood daggers or swords.

Powers:

The enzymes in Blade's blood made him immune to normal vampire bites, uniquely attuned to sensing the supernatural and resistant to aging. Since he was bitten by Morbius, Blade gained many of the traditional powers of the vampire without developing their weaknesses.

He had superhuman strength, senses, and stamina, plus an accelerated healing factor.

Abilities:

Misty Knight was an exceptional marks-woman, athlete, hand-to-hand combatant, detective, and skilled martial artist.

Powers:

Misty Knight's bionic right arm possessed superhuman strength, which she could use in a vise-like grip; however, since the rest of her body has not been bionically altered, she could not use her strength to lift heavier weights than she could with normal human strength.

Bitten by a radioactive spider, high school student Peter Parker gained the speed, strength, and powers of a spider. Adopting the name Spider-Man, Peter hoped to start a career using his new abilities. Taught that with great power comes great responsibility, Spidey has vowed to use his powers to help people.

Power:

Peter could cling to most surfaces, had superhuman strength. The combination of his acrobatic leaps and web-slinging enabled him to travel rapidly from place to place. His spider-sense provided an early warning detection system linked with his superhuman kinesthetic, enabling him the ability to evade most any injury, provided he doesn't cognitively override the autonomic reflexes.

Abilities:

Peter was an accomplished scientist, inventor, and photographer.

Caught in a gamma bomb explosion while trying to save the life of a teenager, [Dr. Bruce Banner](#) was transformed into the incredibly powerful creature called the Hulk.

Power:

The Hulk possessed an incredible level of superhuman physical ability. His capacity for physical strength was potentially limitless. Hulk used his superhumanly strong leg muscles to leap great distances. He could also use his superhumanly leg muscles to run at super speeds. The Hulk could slam his hands together creating a shock wave; this shock wave could deafen people, send objects flying and extinguish fires

Abilities:

Dr. Bruce Banner was a genius in nuclear physics, possessing a mind so brilliant that it couldn't be measured on any known intelligence test.

Figura 9 - Hulk. Disponível em: <http://bit.ly/2vpiwJY>.

Power:

As the son of Odin and Gaea, [Thor's](#) strength, endurance, and resistance to injury were greater than the vast majority of his superhuman race. He was extremely long-lived (though not completely immune to aging, although he was not immortal), immune to conventional disease and highly resistant to injury. As Lord of Asgard, Thor possessed the Odin Force. With the vast magical power of the Odin force, Thor was even able to dent Captain America's virtually indestructible shield with Mjolnir.

Abilities:

Thor was trained in the arts of war, being a superbly skilled warrior, highly proficient in hand-to-hand combat, swordsmanship and hammer throwing.
